Education

Nnamdi Azikiwe University, *Electronics & Computer Engineering*   09/2019 – present
- Technical Director, ECE Department
- Microsoft Learn Ambassador, Nnamdi Azikiwe University
- IEEE vice chair
- IEEEXtreme Ambassador

Skills

Programming Languages: (JavaScript, Python, and C),
Technologies: (ReactJS, NextJS, TailwindCSS, SASS, Bootstrap, Git & GitHub, KivyMD, NodeJS, Firebase)

Professional Experience

Software Engineering Intern, *Slydea NG*   06/2022 – 11/2022
- Worked with designers to deliver complex frontend designs for production
- Worked with backend developers to integrate backend functions with my code.
- Optimized pages and components to ensure they are accessible to everyone.
- Built single-page-applications utilizing React.js, jQuery, and Bootstrap
- Learnt and utilized AGILE principles of software development.

Frontend Developer, *SoftAmplify Technologies*   02/2019 – 05/2020
- Led the development team to build scalable and responsive websites that meets client demands
- excellently.
- Translated wire frames and prototypes from FIGMA and Adobe XD into responsive frontend templates using HTML, CSS, JavaScript, Tailwind CSS and Reactjs
- Maintained the frontend codebase and made sure the production is scalable and readable.
- **Resulted in a 35% increase in quantity and quality of frontend codebase.**

Projects

VoiceGPT, *Personal AI Assistant.* ⧉
VoiceGPT is an AI assistant that gets trained by the user's voice and image and is capable of answering all kinds of questions from what it is trained with.

Tech Talk, *Open Source event website*   2022
- Tech Talk recurring open source tech event powered by SoftAmplify Technologies
- **Skill:** React.js, TailwindCSS, Firebase, Git

MD Notes, *Markdown Notes Application*   2022
- Built a notes application that uses markdown and converts to beautiful UI
- **Skills:** React.js, Firebase, Git

Ostruct, *Construction web application*   2021
- Built a construction web application for Ostruct Associates
- **Skills:** JavaScript, Node.js, Git

Interests

Reading • Hackathons • Public speaking • Learning new things

Organizations

UDUF, *Social media straregist*

IEEE NAU, *Vice Chair*

Microsoft, *Learn Ambassador*

SSPI, *Student Volunteer*

Internet Society, *Student Volunteer*

Courses

Frontend Engineering, *META* ⧉

Responsive Web Development, *John Hopkins University*

Introduction to Computer Science, *CS50, Harvard University*
